What is a personal Loan?

Want to buy a car or renovate your home? If you take out a Personal Loan, we will transfer the money to you as a lump sum. You will always know exactly where you stand since we will agree your monthly payment and the end date of the loan with you in advance. This monthly instalment is made up of a repayment and interest. The minimum loan amount is €5,000 and the maximum is €75,000.

With a Personal Loan:

▶ You will receive the amount as a lump sum
▶ You will have a fixed interest rate
▶ You will have fixed monthly payments
▶ You know exactly when you have fully repaid your loan

How many months will it take to repay your loan in full?

The number of months it takes before you have repaid the loan in full depends on the maturity of the loan. The maturity of the loan is related to the purpose of the loan. ABN AMRO sets in consultation with you the term in number of months of the loan. In the table below, you can find the maximum maturity per purpose of the loan. You are allowed to have a shorter term of the loan or to repay your loan in fewer months.

How much will you pay monthly?
You will pay a fixed instalment every month. This monthly instalment is made up of a repayment and interest. With this you repay your loan. The amount of the monthly instalment depends on:

▶ The amount of the loan
▶ The number of months of your loan
▶ The interest rate

We collect the monthly instalment automatically via a direct debit from the specified bank account. You do not have to do anything for this yourself. However, you need to make sure there is sufficient funds on your bank account. When you do not have any outstanding debt we will not collect any instalments from your account.

How much will you pay?
You will pay a monthly amount of interest on the loan. The interest rate will not change during the maturity of the loan.
A Personal Loan will come with a personal rate: clients will pay a lower rate when we know that the client will fulfil their appointments. Look for the current interest rate on abnamro.nl/loans.
